POPULATION (2015)	28.9M
POPULATION GROWTH	2,5%
POLITICAL SYSTEM	Democracy
PRESIDENT	Filipe Nyusi
OFFICIAL LANGUAGE	Portuguese
GDP PER CAPITA (2015E)	USD 630

# THE LAND OF OPPORTUNITIES

Maputo Business Tower (MBT) is located at the very heart of the capital's Central Business District. The high end 19-storey building, unique in location and design, perfectly complements the concentration of high rises of Maputo.

# MBT IS IN THE HEART OF THE BUSINESS HUB

Mozambique's major economic growth places MBT in the ideal location to conduct business surrounded by prominent multinational companies, governmental agencies, ministries, and luxury hotels.

Maputo is undergoing a construction boom fueled by unprecedented foreign investment, laying the foundation for connecting with even more international conglomerates. MBT is being developed to take full advantage of the dynamic and growing city since it complies with all the international standards required in an emerging environment be it sustainable design, efficiency, security, services or management.

MBT Tower

# AN EXCEPTIONAL FACADE

This landmark tower enjoys exceptional views of the fast developing city landscape and the Indian Ocean where the city's thriving port area is located.

Fleets of cargo ships from around the world set anchor here reflecting the country's newfound wealth due to its recent offshore gas discoveries.

# AN IDEAL WORKING ENVIRONMENT

# AMONG GOOD NEIGHBORS

The MBT development has been fully optimised for business and leisure, as it is located at the centre of the main Business District, the heart of Maputo's Business activity.

The building is adjacent to the National Oil and Gas Company and Ministry of Energy Headquarters. MBT is also in close proximity to The Prime Minister's office, Government Departments and Ministries, International Financial Institutions, Banks, Luxury Hotels and Fine-Dining Restaurants.

MBT IS AT THE VERY  
HEART OF MAPUTO'S

# STEP INSIDE

The double-height reception lobby offers a memorable first impression for visitors. Singlehandedly, the space reflects the quality of the development and that of its future tenants.

It can be accessed from either the five-storey parking lot or directly from the building's driveway on the same level. Clever use of ample down lighting and natural stone cladding adds to the enormous bright and airy space.

# SUSTAINABLE & ENVIRONMENTAL DESIGN

As part of its policy and commitment to preserve the planet's natural resources, the MBT building has undergone a stringent series of tests to attain EDGE certification, one of the world's most reputed companies focused on sustainable architecture in over 130 countries and trusted by some of the world's leading financial institutions, hotels, retail and design brands.

The EDGE green building certification system for emerging markets created by IFC, a member of the World Bank Group, is considered as one of the best ways for builders to optimize their designs, leading to a more investment-worthy and marketable product.

# THE DEVELOPER

Consolidated Contractors Company (CCC) is a leading global construction company founded in 1952.

Today, CCC is a leading force in the international construction industry and the largest engineering and construction company in the Middle East. Its operations extend to over 40 countries throughout the Middle East, Far East, USA, the Caribbean, Africa, Australia and Europe. The company employs c.150,000 people worldwide from more than 80 different nationalities. In 2016, CCC generated a total revenue exceeding \$5 billion and has assets comprised of over 16,000 pieces of equipment worth more than \$1 billion.

CCC's diverse portfolio demonstrates all aspects of its Engineering, Procurement and Construction (EPC), value chain. The company provides expert services in engineering, estimation, feasibility studies, design, procurement, IT, project financing, legal advice and administration. These also include project development (BOT, BOO, PPP) for the below industries, to name few:

- Oil & Gas
- Petrochemical Projects
- Pipelines
- Roads and Infrastructures
- Offshore Construction Works
- Environmental Projects
- Heavy Civil and Marine Projects
- Buildings
- Power and Water Projects
- Dams, Harbours and Ports

Dubai Mall, UAE

Abu Dhabi Plaza, Kazakhstan

Dubai Opera House. UAE

Faculty of Islamic Studies, Qatar

# THE DEVELOPER

CCC has completed more than 1,000 construction projects, including:

- Largest Gas to Liquide (GTL) in the World in Qatar
- c.30% of Worldwide Liquefied Natural Gas (LNG) capacity
- Mega Size LNG Trains
- World's Largest Grass Root Fertiliser Complex
- Largest Tower in Abu Dhabi
- Over 16,000 km of Pipeline
- Oil Facilities for more than 4,000,000 BPD

CCC has a high degree of responsibility towards its operations, employees, clients, suppliers, local communities and the environment, which it communicates through its Corporate and Social Responsibility (CSR) programme:

CCC is a member of the following global CSR initiatives:

- United Nations Global Compact – (UNGC)
- UN Global Compact Local Network – Hellias
- Global Business Coalition on HIV, TB, and Malaria – (GBC)
- Disaster Resource Network - DRN
- Emirates Environmental Group – CRS Network
