

## Ruby - Feature #10321

### [PATCH] test st\_foreach{,\_check} for packed-to-unpack change

10/03/2014 10:52 PM - normalperson (Eric Wong)

<b>Status:</b>	Closed	
<b>Priority:</b>	Normal	
<b>Assignee:</b>	normalperson (Eric Wong)	
<b>Target version:</b>	2.2.0	
<b>Description</b>		
st: test packed-to-unpacked transitions during iteration		
<p>The <code>st_foreach</code> and <code>st_foreach_check</code> functions support transitioning from a packed to an unpacked state during iteration. However, this functionality did not get exercised by the current test suite until now. This should help us prevent breakage when making modifications to <code>st</code>.</p> <p>This is mainly for improving [misc <a href="#">#10278</a>]. I'll commit this patch separately soon unless there's objections.</p>
