#### [NOTE]

You may have encountered a bug in the Ruby interpreter or extension libraries.

Bug reports are welcome.

For details: <http://www.ruby-lang.org/bugreport.html>

This application has requested the Runtime to terminate it in an unusual way.  
Please contact the application's support team for more information.

and on other console PowerCmd once it's get the input it gets blank.

I have been trying to solve this problem for couple of days in vain.

Help me here I'll be grateful.

Regards,

Iffi

#### History

##### #1 - 12/16/2014 06:29 PM - luislavena (Luis Lavena)

This seems related to [#10408](#)

If things works with cmd.exe, then the problem is around ConEmu/ConsoleZ hooks on the ruby.exe process.

##### #2 - 12/16/2014 06:31 PM - luislavena (Luis Lavena)

- Related to Bug #10408: [BUG] Segmentation fault ruby 2.1.3p242 (2014-09-19 revision 47630) [i386-mingw32] *added*

##### #3 - 12/16/2014 06:32 PM - luislavena (Luis Lavena)

- Related to Bug #10546: Bug Segmentation Fault when input prompt on cmdr *added*

##### #4 - 12/16/2014 06:33 PM - luislavena (Luis Lavena)

Correction, this was fixed in [#10546](#) and will be part of future releases ([#10546](#) needs to be backported)

This was fixed in the code:

<https://bugs.ruby-lang.org/projects/ruby-trunk/repository/revisions/48585>

Which will be part of next release.

I recommend you use cmd.exe until an updated version is ship with the fix.

ahh ok so it's not fixed then, thanks for your help. :)

Which will be part of next release.

I recommend you use cmd.exe until an updated version is ship with the fix.
