

Ruby - Feature #11307

exception-free non-blocking Queue#pop

06/25/2015 11:06 PM - normalperson (Eric Wong)

Status:	Assigned	
Priority:	Normal	
Assignee:	matz (Yukihiro Matsumoto)	
Target version:		
Description		
As we learned from the nonblocking IO APIs, exceptions are noisy with debugging enabled and waste allocations on backtraces. We should have a better way to do non-blocking Queue#pop without raising exceptions, but I don't know what the API should be...
