

Ruby - Feature #12803

Improve Logger.new option documentation

10/01/2016 09:12 PM - spacemunkay (Jason Denney)

Status:	Closed	
Priority:	Normal	
Assignee:	hsbt (Hiroshi SHIBATA)	
Target version:		
Description		
Logger.new: http://ruby-doc.org/stdlib-2.3.0/libdoc/logger/rdoc/Logger.html#new-method		
From only looking at the docs, it's not obvious what the default value is for Logger.new shift_age or shift_size, nor what value disables the shift_age option. The only way to find out is to look at the code itself.		
• Show default value for shift_age • Show default value for shift_size		
See: https://github.com/documenting-ruby/ruby/issues/64 and https://github.com/documenting-ruby/ruby/pull/65 .
