08/09/2017 02:15 AM - hsbt (Hiroshi SHIBATA)

Status:	Closed	
Priority:	Normal	
Assignee:	Eregon (Benoit Daloze)	
Description		
This is consistency issue for ruby/spec.		
Other ruby implementations use spec/ruby directory name.		
• https://github.com/jruby/jruby/tree/master/spec/ruby • https://github.com/graalvm/truffleruby/tree/master/spec/ruby		
I think It is better if you change earlier, the commit log will not get moving commits.		
@Eregon (Benoit Daloze) How do you think about this?

It sounds good to me.

I am not aware of technical problems with the current name, but it is inconsistent.

Should I do it?

Or do you want to perform the rename?

#2 - 09/20/2017 06:25 PM - Eregon (Benoit Daloze)

I will do it since I am assigned.
