

Ruby - Bug #18669

Warning `flags ignored` is displayed for `Regexp.new(/regexp/)`

03/30/2022 03:16 PM - koic (Koichi ITO)

Status:	Closed	
Priority:	Normal	
Assignee:		
Target version:		
ruby -v:	ruby 3.2.0dev (2022-03-30T14:08:13Z master 75efbb98af) [x86_64-darwin19]	Backport: 2.6: UNKNOWN, 2.7: UNKNOWN, 3.0: UNKNOWN, 3.1: UNKNOWN

Description

I encountered an unexpected warning in Ruby 3.2.0dev.

Reproduction code

```
Regexp.new(/regexp/)
```

Expected Behavior (Ruby 3.1.1)

No warnings.

```
% ruby -vwe 'Regexp.new(/regexp/)'
ruby 3.1.1p18 (2022-02-18 revision 53f5fc4236) [x86_64-darwin19]
```

Actual Behavior (Ruby 3.2.0dev)

warning: flags ignored is displayed.

```
% ruby -vwe 'Regexp.new(/regexp/)'
ruby 3.2.0dev (2022-03-30T14:08:13Z master 75efbb98af) [x86_64-darwin19]
-e:1: warning: flags ignored
```

I encountered it in a RuboCop build error:
<https://app.circleci.com/pipelines/github/rubocop/rubocop/5974/workflows/94732274-f302-497a-a6bc-ffbf036c4e0b/jobs/213494>

Perhaps <https://github.com/ruby/ruby/pull/5703> change is related.

Yes, it was my fault. Thank you for your report!

#3 - 03/31/2022 01:48 AM - koic (Koichi ITO)

I confirmed the expected behavior in the edge Ruby. Thank you for the quick fixing!
