Ruby - Bug #5323

Bug in CreateChild in win32.c

09/14/2011 10:39 PM - jfrench (James French)

Status:	Closed		
Priority:	Normal		
Assignee:			
Target version:			
ruby -v:	1.9.2-p290	**Backport:**	

Description

Revision 31811 by yugui (http://svn.ruby-lang.org/cgi-bin/viewvc.cgi?view=revision&revision=31811) which was merged from the trunk contains a bug. It should be lstrlen instead of lstrlenW as its a char* not a wchar_t*. This has caused us a lot of problems with spawn failing spuriously.

This was introduced between 1.9.2-p180 and 1.9.2-p290 and should, IMO, make it into the next patch release of 1.9.2.
