

Ruby - Feature #5904

Freezing true, false, nil, ordinals, symbols...

01/18/2012 03:26 AM - Anonymous

Status:	Rejected	
Priority:	Normal	
Assignee:		
Target version:		
Description		
Elementary objects mentioned in the title can be frozen. This easter egg made me love #freeze method very much. I especially like to have frozen nil. I was quite disappointed when I tried to have untrusted true and it didn't work. I think that there should be a special April Fools' edition of Ruby featuring untrusted true.
