European Citizens' Panel on Intergenerational Fairness | 2025

Inherited Futures

Citizens Objects Stories

2025

Over three weekends, 150 randomly selected citizens from all 27 EU Member States, reflecting the Union's diversity, came together to discuss how European policies can better promote fairness between generations, ensuring that today's decisions create opportunities and sustainability for the future. This publication presents a collection of stories by citizens on what intergenerational fairness means to them.

They did not only propose more than 20 ambitious recommendations to decision makers in Europe, they also brought objects and stories that made intergenerational fairness tangible, personal, and deeply felt.

A watch that once ticked in a grandfather's pocket.
Seeds saved for a spring that has not yet come.
A book with softened pages.
A toy waiting for hands not yet born.
A scarf, a tool, a recipe, a photograph.

Each object carries a life within it, memories, gestures, habits, hopes. None of them speak the language of policy or economics. And yet, together, they say something essential: **fairness between generations is made of what we keep, what we care for, and what we choose to pass on**.

Some objects tell stories of inheritance. They have travelled through time, from one pair of hands to another. They remind us that we never begin from nothing. We arrive into a world already shaped by the decisions, sacrifices, and dreams of others. Intergenerational fairness begins with this quiet awareness: that we are both heirs and ancestors at the same time.

Other objects speak of knowledge, things learned slowly, through practice and patience. A handmade item, a well-used tool, a beloved book.

They carry the traces of skills and values transmitted across years. Fairness, in these stories, is not only about resources or opportunities. It is also about wisdom, memory, and the ability to continue a craft, a tradition, or a way of living.

There are also objects that point outward, beyond the family, toward the wider world: seeds, recycled materials, clothes worn and repaired, food prepared with care. These objects connect everyday choices with the future of the planet. They remind us that fairness is also about restraint, about respect for limits, about leaving enough behind.

Seen together, these objects form a collective portrait, not of a single generation, but of a **chain of lives connected through time**. They show that intergenerational fairness is not only a principle to be negotiated in institutions.

It is a feeling, a responsibility, and sometimes a quiet promise: to leave something intact, something meaningful, something usable for those who will come after us.

In this booklet, the objects might seem simple. But their stories are not. Each one is a small bridge between past and future, held for a moment in the hands of the present. And perhaps this is where intergenerational fairness truly begins, not in grand declarations, but in the **everyday act of deciding what is worth carrying forward**.

Wool Scarf

Sciarpa di lana

Italian

This scarf is made from regenerated wool, a textile tradition born in my Tuscan hometown, Prato. That has been handed down for over a century. It represents a dialogue between generations. The artisinal skills of the past are revived by today's young entrepreneurs who valorise them. Furthermore, the aim of this project is the circular economy, meaning reducing resource consumption and waste, and valorising what we already have.

Questa sciarpa è realizzata in lana rigenerata, una tradizione tessile nata nella mia città toscana, Prato, e tramandata da oltre un secolo. Rappresenta un dialogo tra le generazioni: le abilità artigianali del passato vengono riprese dai giovani imprenditori di oggi che le valorizzano. Inoltre, l'obiettivo di questo progetto è l'economia circolare, cioè ridurre il consumo di risorse e gli sprechi, valorizzando ciò che già possediamo.

Romania

The object is the Holy Bible. It is the only book that assures a happy future through faith in Him. I have brought the most precious object from my home: the Bible. This is not an ordinary book; it is the most important and valuable Book in the world, authored by God Himself. Within its pages, God reveals to all people, regardless of age, education, or social status, their future if they follow His teachings.

Dear European citizens, I earnestly ask you, in the Name of the Lord Jesus Christ, to accept His sacrifice, reconcile with God, and live according to His Word, so that you may experience peace and life in His presence.

Obiectul este Sfânta Biblie. Este singura carte care garantează un viitor fericit prin credință în El. Am adus de acasă cel mai de preț obiect: Biblia. Aceasta nu este o carte obișnuită; este cea mai importantă și valoroasă Carte din lume, scrisă de Însuși Dumnezeu. Dragi cetățeni europeni, vă rog stăruitor, în Numele Domnului Isus Hristos, să acceptați jertfa Lui, să vă împăcați cu Dumnezeu și să trăiți după Cuvântul Său, pentru a putea experimenta pacea și viața în prezența Lui.

Pile Battery

Pile de batteries

France

We can make the connection between the battery and the intergenerational fairness. If a generation uses up all the energy at once, there is none for the next ones. Intergenerational justice invites us to use this batter in a sustainable/durable way.

On peut faire le lien entre une pile el l'équite-intergenerationelle. Si une génération utilise toute l'énergie de la pile d'un coup, il n'en reste plus pour les suivantes. L'équité intergenerationelle nous invite à utiliser cette pile de manière durable.

Olive Branch

Κλαδί ελιάς

Greece

I chose it for two reasons, firstly, because there are increasingly violent wars around the world and this worries me since I wish future generations can live in peace; secondly, because I come from Cyprus, where 37 % of the island is under Turkish occupation. I do hope that in the future both communities can live together in peace.

Τα κλαδιά ελιάς συμβολίζουν την ειρήνη και τα επέλεξα για δυο λόγους: αφενός, ολοένα αυξανόμενες συγκρούσεις στον κόσμο απειλούν την παγκόσμια ειρήνη, γεγονός που με ανησυχεί ιδιαίτερα, καθώς επιθυμώ οι επόμενες γενιές να μεγαλώσουν σε ένα ειρηνικό περιβάλλον, και για να διαφυλαχθούν όσα πέτυχαν οι ιδρυτές της Ευρωπαικής Ένωσης. Αφετέρου, η ειρήνη και η αρμονική συνύπαρξη με αγγίζουν ιδιαίτερα καθώς κατάγομαι από την Κύπρο, όπου το 37% του νησιού παραμένει υπό τουρκική κατοχή εδώ και 51 χρόνια. Ευελπιστώ ότι στο μέλλον θα επέλθει η επανένωση και ότι οι δύο κοινότητες θα μπορέσουν να ζήσουν ξανά ειρηνικά μαζί.

Ο κύβος δύσκολα διαλύεται και δύσκολα φτιάχνεται. Με αυτόν τον τρόπο επιδεικνύω ότι η διαγενεακή δικαιοσύνη έχει δυσκολίες και προκλήσεις στη δημιουργία και στη υλοποίηση, αλλά όταν πετυχαίνει αναδυκνύει την καίρια σημασία της σύνδεσης μεταξύ γενεών για ένα καλύτερο αύριο.

Wooden Spoon

Holzlöffel

Germany

An act of love and care is the essence of lasting mankind. For 100 years, this spoon has been used to mix porridge for small children and the elderly. It was passed from mother to daughter. I will pass it on to my grandchildren. Without this act of love and care, there can be no intergenerational justice. It requires reverence for what makes life possible: nourishment not only physical, but also spiritual. This responsibility should not only be taken on by women, but by all people so that the chain is not broken in times of need and loneliness.

Ein Akt der Liebe und Fürsorge ist das Wesen des dauerhaften Bestehens der Menschheit. Seit 100 Jahren wird dieser Löffel benutzt, um Brei für kleine Kinder und ältere Menschen zu rühren. Er wurde von Mutter zu Tochter weitergegeben. Ich werde ihn an meine Enkelkinder weitergeben. Ohne diesen Akt der Liebe und Fürsorge kann es keine Generationengerechtigkeit geben. Sie erfordert Ehrfurcht vor dem, was Leben möglich macht: Nahrung, nicht nur körperliche, sondern auch geistige. Diese Verantwortung sollte nicht nur von Frauen getragen werden, sondern von allen Menschen, damit die Kette in Zeiten der Not und Einsamkeit nicht abreißt.

This is land from my family estate that has been in my family's ownership for generations. It is now farmed by my parents, and the fruit of their labour is the home-grown fruit and vegetables that our family consumes. I hope that one day my children will also cultivate that same land for their own families. To me, it is a symbol of care and togetherness, and of passing on knowledge and skills across the different generations of the family.

Sada je obrađuju moji roditelji, a plod njihovog truda i rada je domaće voće i povrće koju naša obitelj konzumira. Nadam se da će jednog dana i moja djeca obrađivati tu istu zemlju za svoju obitelj. Gold neckless

Goldkette

Germany

My item is a gold chain with three white and red flowers connected by delicate chains. ‘Connection’ is also the keyword that comes to mind when I think of this chain. I was only about 5 years old when my grandmother gave me this necklace a year before she died, but that moment left a deep impression on me. And when I wore the necklace later, I felt very close to her and her family. I also wish for my granddaughter, to whom I will pass on this heirloom in the foreseeable future, to feel connected to the chain of generations.

Mein Gegenstand ist eine Goldkette mit 3 weiß-roten Blümchen, die durch zierliche Kettchen miteinander verbunden sind. "Verbundenheit" ist auch das Stichwort, das mir zu dieser Ketter einfällt. Ich war erst ca. 5 Jahre alt, als meine Großmutter mir 1 Jahr vor ihrem Tod diese Kette geschenkt hat, aber dieser Moment hat sich mir tief eingeprägt. Und wenn ich die Kette später getragen habe, fühlte ich mich ihr und ihrer Familie sehr nahe. Sich eingebunden fühlen in den Strang der Generationen, das wünsche ich auch meiner Enkelin, an die ich in absehberer Zeit dieses Erbstück weitergeben werden.

We can't initially accurately assess the long-term impact of many developments. Think of social media and the mental health of young people, antibiotics and pandemics, AI and the job market, cars and nature, nuclear energy and radiation. That's why a loving and lasting connection between generations is the most important foundation for at least understanding each other.

Van veel ontwikkelingen kunnen we in eerste instantie de impact op de langere termijn niet goed inschatten. Denk aan social media en de mentale gezondheid van jongeren, antibiotica and pandemieën, AI en de arbeidsmarkt, auto's en natuur, kernenergie en straling. Daarom is een liefdevolle en blijvende verbinding tussen generaties de belangrijkste basis om elkaar in ekl geval te begrijpen.

Wooden Spoon

Holzlöffel

Germany

The wooden spoon is connected to the topic of intergenerational fairness for me because I wanted to choose an object with which the generations support each other, by having the younger generation learn something from the older generations and then apply it themselves to use for all generations and later teach it to subsequent generations. The wooden spoon as a symbol for cooking fits well in my opinion, because I learned to cook from my grandmother and my mother, want to teach children, and want to teach my own children later.

Der Holzlöffel ist für mich mit dem Thema Generationengerechtigkeit verbunden, weil ich einen Gegenstand wählen wollte, mit dem die Generationen sich gegenseitig unterstützen, indem die jüngere Generation etwas von den älteren Generationen lernt, es dann selbst anwendet und für alle Generationen nutzt und später an nachfolgende Generationen weitergibt. Der Holzlöffel als Symbol für das Kochen passt meiner Meinung nach gut, weil ich von meiner Großmutter und meiner Mutter kochen gelernt habe, Kindern das Kochen beibringen möchte und es später auch meinen eigenen Kindern beibringen will.

Potato

Potatis

Sweden

Potatoes are good food, suitable both for everyday meals and as emergency food that can last a long time if needed. The potato reminds us that we must not exhaust or poison the places where it can be grown. It also reminds us of the importance of passing on the knowledge of how to prepare food to new generations.

Potatis är bra mat, som kan användas både till vardags och som nödmat under lång tid vid behov. Potatisen påminner oss om att vi inte får utarma eller förgifta platser där potatisen kan odlas. Den påminner oss också om att det är nödvändigt att förmedla kunskapen om hur mat tillagas till de nya generationerna.

Crocheted Bag

Virkad väska

Sweden

Specially crocheted bag for this purpose to represent intergenerational fairness between generations. I immediately felt that I have nothing at home that could represent that. Why is it important? Made from grandmother's squares that I learned from my grandmother and my mother - a knowledge of craftsmanship the must not be forgotten. So that I can pass it on to my children and so on. The front of the bag consists of the Progress Pride Flag and a wheelchair - it represents my children's equal value and justice t as they are now and in the future. The back is light - represents future generations as a blank and unwritten page.

Särskilt virkad väska för detta syfte att representera intergenerationell rättvisa mellan generationer. Jag kände direkt att jag inte hade något hemma som kunde representera detta. Varför är det viktigt? Gjord av mormorsrutor som jag lärde mig av min mormor och min mamma – ett hantverkskunnande som inte får glömmas bort. Så att jag kan föra det vidare till mina barn och så vidare. Väskans framsida består av Progress Pride-flaggan och en rullstol – den representerar mina barns lika värde och rättvisa, så som de är nu och i framtiden. Baksidan är ljus – den representerar framtida generationer som en tom och oskriven sida.

Pen

Stylo

France

I chose a pen as an object. It was the invention of writing that marked the end of prehistory. Learning manual writing is the basis of education in civilizations. My grandmother loved receiving letters from her grandchildren. I don't know if children will still learn handwriting in the future. The same goes for all arts that require fine motor skills. I fear that humans will forget how to use their hands with the development of technology and AI. Yet, can there be anything more moving than a work made by human hands? A jeweler said: I hope hands will win against robots.

J'ai choisi comme objet un stylo. C'est l'invention de l'écriture qui a marqué la fin de la préhistoire. L'apprentissage de l'écriture manuelle est la base de l'éducation dans les civilisations. Ma grand-mère adorait recevoir des lettres de ses petits enfants. Je ne sais pas si les enfants apprendront encore l'écriture manuscrite à l'avenir. Il en est de même pour tous les arts qui solicitent la motricité fine. Je crains que l'homme oublie d'utiliser des mains avec le développement de la technologie et de l'IA. Pourtant peut-il y avoir plus émouvant qu'une oeuvre fabriquée par la main de l'homme? Un bijoutier a dit: j'espère que les mains gagneront contre les robots.

Pencil

The pencil not only offers a way to express ourselves, but also allows us to convey how we feel regardless of the age of the person using it. It is not just a pencil, it is a symbol of communication and art that can be passed down from generation to generation. You can write a message to a loved one, or the first words of a child who is learning to write. The drawing of a professional artist, like the strokes of a child venturing into drawing. The pencil is one of the ways that allows us to communicate from generation to generation; we can all use it, we can all express ourselves with a pencil.

El lápiz no sólo ofrece una forma de expresarse, si no que también nos permite transmitir como nos sentimos sin importar la edad del que lo usa. No es sólo un lápiz, esl el símbolo de comunicación y arte que se puede heredar de generación en generación. Se puede escribir tanto un mensaje que se puede entregar a un ser querido, como las primeras palabras de un niño que está aprendiendo a escribir. El dibujo de un artista profesional, como los trazos de un infante aventurándose a dibujar. El lápiz es una de las formas que nos permite comunicarnos de generación en generación, todos podemos usarlo, todos podemos expresarnos con un lápiz.

Socks like these have been made in my family for many generations, grandmother would teach the process for their grandchildren (mostly girls). Grandma would make the first pair when you're a baby and new ones when you grow.

Tällaisia sukkia on tehty perheessäni monen sukupolven ajan, ja isoäiti opetti niiden neulomisen lapsenlapsilleen (useimmiten tytöille). Isoäiti teki ensimmäisen parin, kun olit vauva, ja uudet sitä mukaa kun kasvoit.

The coin

Monēta

Latvia

During WWII, in 1949, before being deported (on March 28), a bundle of money was hidden in the hollow of an old linden tree in the property of my husband's grandfather's grandfather. After about 40 years, in the early 1990s, after Latvia regained its independence, the property was recovered, and the coins were found during improvement work. Why is this associated with intergenerational fairness for me? - it is a testimony of the past that must not be forgotten.

It is a testimony of the repressions against my husband's family, of the fates separated, of the strength to return, fight for what is yours and regain your property, of the strength to start all over again. We must learn from this and not forget it. And this must be told to future generations.

Otrā pasaules kara laikā, 1949. gadā, pirms deportācijas (28. martā), naudas sainis tika paslēpts vecas liepas dobumā īpašumā, kas piederēja mana vīra vecvectēvam. Pēc aptuveni 40 gadiem, deviņdesmito gadu sākumā, kad Latvija atguva neatkarību, īpašums tika atgūts un monētas tika atrastas, veicot labiekārtošanas darbus. Kāpēc man tas saistās ar starppaaudžu taisnīgumu? – tā ir pagātnes liecība, kas nedrīkst tikt aizmirsta.

Tā ir liecība par represijām pret mana vīra ģimeni, par šķirtajiem likteņiem, par spēku atgriezties, cīnīties par savu un atgūt īpašumu, par spēku sākt visu no jauna. Mums no tā ir jāgūst mācība un to nedrīkst aizmirst. Un tas ir jāstāsta nākamajām paaudzēm.

A Holocaust survivor once said: “Focus on what connects you, not on what separates you.” She passed away recently; she was one of the last survivors. Her attitude is a reminder for future generations. As a German, it is important to me that the history of the Holocaust is never forgotten. The net is a symbol of connectedness. I have woven ribbons into the net, representing people, cultures, countries, religions, and generations. Some are connected to each other, some are not. And yet all are linked. We should always remember this."

Ein Holocaust überlebende hat gesagt: "schaut auf das, was euch verbindet, nicht auf das, was eucht trennt". Sie is vor kurzem gestorgen, wie war eine der letzten überlebenden. Ihre Haltung ist eine Mahnung and spätere Generationen. Mir als Deutsche ist es wichtig, dass die Geschichte des Holocaust nicht vergessen wird. Das Netz ist das Symbol für das Verbunden sein. Ich habe Bänder in das Netz gewebt. Das sind Menschen, Kulturen, Länder, Religionen und Generationen. Manche sind miteinander verbunden, manche nicht. Trotzdem sind alle verbunden. Daran sollten wir uns immer erinnern.

Artificial Posidonia

Posidonia artificial

Spain

I have chosen artificial posidonia as a symbol of my commitment to intergenerational equity. It is not a living plant, and precisely because of this, it reminds us of what we could lose if we do not take care of what we have inherited. This is artificial posidonia and it has been created by us; it is a human replica of something that nature does better. And therein lies its message: ‘we have reached a point where we need to rebuild what we should have preserved’. This posidonia symbolises that task: that of caring for the link between those who came before us, those of us who are here now and those who are yet to be born. It is a reminder that we still have time to rebuild our ties with the sea.

He elegido una posidonia artificial como símbolo de mi compromiso con la equidad intergeneracional. No es una planta viva y precisamente por ello nos recuerda aquello que podrríamos perder si no cuidamos lo que hemos heredado. Esta es una posidonia artificial y ha sido creada por nosotros, es una réplica humana de algo que la naturaleza hace mejor. Y ahí está su mensaje: "hemos llegado a un punto en que necesitamos reconstruir lo que deberíamos haber preservado". Esta posidonia simboliza esa tarea: la de cuidar el vínculo entre quienes vinieron antes, los que estamos ahora y quienes aún no han nacido. Es un recordatorio de que aún estamos a tiempo de reconstruir lazos con el mar.

Prayer Book

Imakönyv

Hungary

Why is it important in terms of intergenerational fairness? When I was a child, I received this prayer book from my paternal grandmother, who had also received it as a gift. Unfortunately, I don't remember from whom. I think it reflects timeless moral principles, such as gratitude and responsibility. It expresses respect for the past and connects us with our ancestors and descendants. It symbolizes that values, faith, and morals can be a true gift to future generations.

Miért fontos a generációk közötti méltányosság szempontjából? Gyermekkoromban az előáldozásomra kaptam az apai nagymamámtól az imakönyvet, aki úgyszintén ajándékba kapta. Sajnos, arra már nem emlékszem, kitől. Azt gondolom időtálló erkölcsi elveket közvetít, hála, felelősség... A múlt tiszteletét fejezi ki, összeköt elődeinkkel és utódainkkal. Jelképezi, hogy az értékek a hit és az erkölcs igazi ajándék lehet a jövő nemzedékének.

Old devalued money

Régi elértéktelenedett pénz

Hungary

I found these old devalued coins when I was moving from one place to another. I consider this important from a generational perspective because it influences the financial and economic situation that future generations will inherit. If our money loses its value, savings and pensions lose their value, putting the younger generation in a more difficult position. Maintaining economic stability must be a moral responsibility. Preserving and protecting the value of money ensures that future generations can live in fair conditions and do not have to bear the consequences of past mistakes.

Költözéskor találtam rá ezekre az elértéktelenedett régi pénzekre. A generációk szempontjából azért tartom fontosnak, mert befolyásolja milyen anyagi és gazdasági helyzetet örökölnek a jövő nemzedékei. Ha a pénzünk elértéktelenedik, a megtakarítások és nyugdíjak veszítenek értékükből, így a fiatalabb generáció nehezebb helyzetbe kerül. Erkölcsi felelősség kell, hogy legyen a gazdasági stabilitás megőrzése. A pénz értékének megőrzése, védelme biztosítja, hogy a jövő nemzedéke méltányos feltételek között élhessen és ne a múlt hibáinak következményeit viselje.

Pocket watch

Zsebóra

Hungary

This is a pocket watch that belonged to my father, who inherited it from his father. Their monograms are engraved on the back (their names were the same) in beautiful calligraphic letters. It is as if time has been written into it, with each generation leaving its mark, its monogram, in time. It symbolizes the passage of time, but also continuity and responsibility, the duty to future generations to preserve values, time, and the chance for a dignified life.For me, this clock is not only a family heirloom, but also a symbol of continuity between generations.

Ez egy zsebóra, az apámé volt, amit ő is az apjától örökölt. A hátlapjába (azonos volt a nevük) monogramjuk, gyönyörű kalligrafikus betűkkel van belegravírozva. Mintha az időbe íródott volna bele, minden nemzedék otthagyja jelét, monogramját az időben. Az idő múlását, de egyben folytonosságát és felelősséget is szimbolizálja, a kötelességet a jövő nemzedékei számára, hogy megőrizzük az értékeket, az időt, az esélyt a méltó életre.Számomra ez az óra nem csak családi ereklye, hanem a nemzedékek közötti folytonosságot jelzi.

String

Chaîne

Belgium

My object: step by step. The red thread represents our intergenerational panel and today's intergenerational relationships. It also represents awareness of the current situation and the fact that these relationships are fragile and need to be improved.- The string, which is thicker than the red thread, represents the guidelines that the EU should not adopt based on our work. The wire, which is stronger than the string, represents the actions of Member States. We will follow the EU guidelines.- The metal bar, which is harder than the wire, represents the future that I do not know, but I hope for, the return of intergenerational relationships in societal culture.

Mon objet: step by step.- le fil rouge représente notre panel intergénérationnel et les relations intergénérationnel d'aujourd'hui. C'est aussi la prise de conscience de la situation actuel et que c'est relation sont fragile et doivent s'améliore.- la ficelle qui est plus épaisse que le fil rouge représente les directives que l'UE pas prendre en se servant de notre travail.- le fil de fer qui est plus solide que la ficelle représente les actions des états membres. Prendrons suivant les directives de l'UE.- la barre métallique qui est plus dur que le fil de fer représente le futur que je connais pas mais je l'espère, la rentrée des relations intergénérationnel dans la culture societal et ne soit pas quelque chose qui soit réfléchi mais que cela devienne 'naturelle' dans la vie societal.

Large Key

Nagy kulcs

Hungary

Signboard and a “large key.” For generations the workshop operated and was passed down from father to son, where this shop sign hung. The enormous key was displayed in front of this workshop — a key-copying, lock and locksmith workshop — in Budapest. I believe that when talking about fairness between generations, the issue of heritage and inheritance is an important question. In the present, we are in a similar situation to the master of the locksmith’s workshop. In our present, we use our environment just as he used his workshop: to create material goods for ourselves, to develop in our profession, in art, or in whatever we do.

Nemzedékeken keresztül működött és öröklődött a műhely, apáról fiúra, ahol ez a cégér függött. Az óriási kulcs pedig ennek a műhelynek, egy kulcsmásoló, zár- és lakatosműhely előtt volt kifüggesztve Budapesten. Úgy gondolom, a generációk közötti méltányossággal kapcsolatban fontos kérdés az örökség és öröklés kérdése. Mi a jelenben hasonló helyzetben vagyunk mint a lakatos műhely mestere. A jelenünkben használjuk a környezetünket, mint ő a műhelyét, hogy anyagi javakat teremtsünk magunknak, kibontakozzunk a szakmában, művészetben vagy bármiben.
