

Show Your Code

10-20-2010

Opening Discussion

- What did we do last class?
- Minute Essay comments
 - Is using `xdir.length` the same as using 4?
 - Declarations of `xdir` and `ydir`.
 - How long does it take me to figure out the best way to do something?

Show Your Code

- Let's look at people's code to the various options.

Finishing Checking the Board

- We got the ability to check the board, but we never call it in the code. We need to figure out when it should happen.

Minute Essay

- What do you find to be most challenging about the material we have covered so far in this class? What things do you still get hung up on?
