About the iPRES Code of Conduct

We strive to ensure all iPRES conferences and events are safe and accessible so that we can observe, participate, learn and grow together. The iPRES Code of Conduct is here to set out what we should expect of each other.

iPRES Code of Conduct

Organizers should replace text in brackets [ ] with text that is specific to their event. Local modifications can be made but any substantive changes should be sent to the iPRES STG for review.

Examples of acceptable local modifications:
- iPRES 2022 Welcome & Inclusion (https://ipres2022.scot/welcome-and-inclusions/)

The iPRES Code of Conduct was developed through a community-feedback process by the iPRES Action Team 1 in 2021 and based on these community resources and examples:

- iPres 2018 Code of Conduct (https://ipres2018.org/code-of-conduct)
- iPres 2019 Code of Conduct (https://ipres2019.org/about/code-of-conduct/)
- Australasia Preserves Code of Conduct (https://australasiapreserves.blogspot.com/p/codeofconduct.html)
- BitCurator Consortium Code of Conduct (https://bitcuratorconsortium.org/code-of-conduct/)
