07 Feb 2024

To: All Member Organizations and AIIC

From: Michael Rosetz *M. Rosetz*
Senior Inter-Agency Advisor, HR Management, CEB Secretariat

Subject: Revised rates for short-term conference interpreters, effective 1 Jan 2024

1. In accordance with the 2019 CEB-AIIC Agreement, I am pleased to share the daily net rates for short-term conference interpreters **with effect 1 Jan 2024**.

	Group I	Group II
Austria	EUR 564	EUR 376
Canada	CAD 824	CAD 549
France	EUR 587	EUR 391
Italy	EUR 509	EUR 339
Spain	EUR 513	EUR 342
Switzerland	CHF 738	CHF 492
United Kingdom	GBP 566	GBP 377
United States	USD 732	USD 488
World	USD 630	USD 420

Please note that the rates will remain in effect until 31 June 2024 and have been calculated in compliance with the 'non-regression clause' set out in paragraph 9 of Annex E to the 2019 CEB-AIIC Agreement, and as such, the rates to take effect on 1 July 2023 are the highest between those in effect as of 1 January 2019 and those re-calculated as of 1 Jan 2024.

2. Furthermore, the rates have been calculated in United States dollars and were then converted into local currencies as per the methodological parameters of the 2019 CEB-AIIC Agreement, i.e. the 12-month rolling average of the United Nations operational rates of exchange.

3. With respect to the World rates, the 2019 CEB-AIIC Agreement regulates that these are calculated in United States dollars, which is also the currency of payment. However, under separate agreements within member organizations, payments may be made in the currency of the country of the short-term conference interpreter's domicile or in a third currency, on the condition that this does not represent an additional cost to the member organization and is operationally feasible. In such instances, the rate of exchange to be applied shall be the monthly United Nations operational rate of exchange in force on the date that the payment is made.

4. Finally, please note that, with reference to footnote 2 of Annex E to the 2019 CEB-AIIC Agreement, the transitional allowance phased out on 31 December 2022.
