

## Call for Presentation Proposals

# EURIG Annual Meeting 2025

22-23 May 2025

National Library of Sweden, Stockholm

The EURIG Annual Meeting is our opportunity to exchange ideas and learn from each other. The call for proposals is an invitation to colleagues to present their insights, research, and experiences related to the RDA standard. For European users of RDA, it is especially important that the standard accommodates Europe's diverse cultural landscape.

Topics of interest include, but are not limited to:

- Entity-based cataloguing
- Handling different scripts
- Managing multilingual resources

We particularly welcome contributions that explore innovative approaches to addressing the challenges and opportunities of multilingualism in cataloging and multilingual resource management in general. Given our European expertise, we aim to highlight solutions that support interoperability in complex, multilingual environments.

Please note that proposals and presentations should be in English.

The meeting will be hybrid, so while we value in-person presentations, it is also possible to present remotely.

## Proposals

Please submit proposals (in English) as Word or PDF attachments that include:

- Title of the presentation
- Abstract
- Length of presentation (could be a lightning talk or a full 30 minutes)
